EXPERIENCE

visual design work (freelance)

videos can be found on my website

- "Lost at sea" visual piece exhibited at the HYPERLYFE gallery at Brick Aux in Brooklyn, NY (9.17.23). Created using TouchDesigner.
- Collaborated on the development of the redesigned website for ArtBath, a monthly immersive performance series in New York City.
- Served as cinematographer for the short film Sexy Bitch, currently in post-production (2023).
- Directed and edited the music video for the song *Thunder* by the Boston-based band Pyramid Thieves. Additionally, created the VFX (2019).

machine learning data associate ii (amazon inc. 2017-2022)

- Spearheaded proof-of-concept Machine Learning projects driven by quality benchmarks.
- Worked closely with customers to draft conventions for production processing and establish necessary parameters for a successful delivery of outputs.
- Provided individual guidance and working sessions to the production team to ensure the desired quality output.
- Presented project updates to leadership and stakeholders at daily or weekly team syncs.
- Worked as part of the production processing team providing support to external and internal customer projects.

quality control technician (lensprotogo / rule boston camera)

- Performed inspections and testing procedures on camera, lighting and support equipment returned by member customers.
- Kept track of inventory units.
- Made gear purchase deliveries & pick ups for external clients.
